

Temperance Column.

By the Ocala Temperance Reform Club.

Rev. J. P. Milburn and Isaac Stevens, Editors

The Club meets every Sunday afternoon at 3:30 o'clock in Temperance Hall. The Public are invited.

A MODEL TEMPERANCE TOWN.

The town of Harvey, Ill., is established on a solid temperance basis, and has proved that manufacturers can be more prosperous when their employees are prosperous and are free from the saloon curse.

It has been fully demonstrated there that men can do better work in foundries and iron and steel works without beer than with it.

They have just located three additional industries.

Over 168 new houses are under contract, and there is great activity in this manufacturing town.

Harvey is without a saloon, and the restrictions are such on every lot that saloons cannot come in the future.—Christian work.

ENGLISH PROFITS IN AMERICAN BEER.

Those who are in a position to know say that English citizens have invested \$91,080,000 in American breweries, and that last year they drew from this country as profits on their investment \$8,100,000.

Think of this immense sum drained in one year from this country!

Then, too, remember that for all this sum the country receives in actual value not one cent.

On the other hand, it does receive for it a vast array of drunkenness, inefficiency of capacity to labor and earn an honest living, crime, cost of criminal prosecution, broken up homes, degradation and death!—Temperance Advocate.

Capt. W. C. Zimmerman, of Inverness, is one of the most reliable and painstaking public officials we know. He has been clerk of Citrus county for a number of years and no one has ever had just cause to find fault with his record. And best of all he is a thorough Christian gentleman. Our country is safe as long as we can keep such men as Captain Zimmerman in office.

Drs. Frederick and Hood performed a very difficult operation yesterday on Wm. Mitchell's foot. Mitchell is a colored man who had his foot smashed and several bones crushed. It would not heal and had commenced to decay. The doctors took out all of the broken bones and did his foot up and he went on his way rejoicing. The work was gratis.

Quite lately an assistant clinic in Turin, Italy, borrowed a book from the library of the institution. Between the leaves of the volume he found bank bills to the amount of \$8000. Who placed the money there is a mystery.

County Treasurer Payne of Atlanta the other day had occasion to sign in succession the smallest and the largest checks that he ever made. The first was for 15 cents and the next for \$25,000.

A recent funeral procession in a Wisconsin village was largely made up of men and women on bicycles, the deceased having been a member of the bicycle club.
